Dallas, TX 75251 (214) 528-4090

Over a decade ago, Taseer Badar founded ZT Wealth and began forging strong partnerships with clients seeking a comprehensive resource for financial freedom based on traditional, well-planned investing. A proven track record of financial success for its clients has garnered local and global recognition. From the start, ZT Wealth focused on developing common sense solutions to asset management and business growth and development and while occupying its own niche as a mediator between both, individual entrepreneurs and corporations and their global counterparts.

Over the past decade, and the past three years in particular, ZT Wealth has experienced significant growth--of its team, clientele, investment portfolio, and projects

completed and under development.

Our commitment is to build long-term relationships by surpassing expectations and adhering to high-standards of quality and responsiveness. At the end of every year, our partnerships with clients and vendors are celebrated with an elaborate gala in honor of these mutually beneficial relationships. A *Toast To Living Well* is a way for ZT Wealth to show appreciation and gratitude to a year of success while donating the proceeds to a charitable foundation.

For four consecutive years (2007-2010), the firm has been named to the "Aggie 100" list of fastest-growing companies worldwide that are owned by graduates of the Texas A&M University Mays College of Business.

For over a dozen years, the financial and business experts at ZT Wealth have partnered with their clients to create, sustain and distribute wealth through a range of traditional, alternative, and equity investments. Founded by experienced financiers, ZT has the vehicles to satisfy both your investment goals and risk tolerance for both your business and personal portfolios.

Clients are able to diversify their portfolio's with ZT Wealth's access to profitable projects that are not normally available to individual investors. A few examples of our successful private equity offerings are Altus Healthcare Management Services, Shadow Creek Business Center, and Global Properties ZT Wealth.

ZT Wealth has international resources to purchase, lease, and manage turnkey residential and commercial properties. Through our strategic alliances we are opening the world of opportunity to our client-investors with both healthcare and real estate investments in the USA and abroad.

ZT Wealth forges strong partnerships with both its client-partners and the banking community. Over the years we have created a powerful network of banking relationships that enable us to advocate for our clients for the most competitive rates available.

Altus Healthcare Management Services is a network of progressive physicians collaborating to achieve professional and financial growth through the creation, promotion and management of cutting-edge healthcare facilities. We are a company by physicians and for physicians with a management team comprised of exceptional medical and financial specialists.

Our philosophy is simple: empowering physicians results in better healthcare and better business.

By engaging physicians as key stakeholders in our healthcare management strategy, we can deliver professional and financial benefits in return, as well as, make significant advancements through collaboration. The outcome is better care for our patients. Altus HMS is currently 500+ physicians strong and selectively growing.

This year marked the grand opening of the first phase of the new Altus Baytown Medical Center.

The center, located at 1626 W. Baker Road, is an ambulatory surgical center that offers outpatient surgery, a sleep center, a radiation oncology center and an imaging center. The Baytown location is the third patient-focused, physician-directed Altus facility in Greater Houston. ■
