Local Presence...
Global Capabilities...

Founded in Houston in 1982, Accudata Systems began as a pioneer in the field of designing and implementing PC-based local area networks. More than 26 years later, Accudata Systems has grown to become one of the most trusted and respected IT consulting and integration organizations in the United States. Partnering with the world's leading technology companies including Microsoft, Cisco and Symantec, Accudata Systems delivers high impact services and solutions that help clients achieve maximum productivity gains through the use of information technology.

With over 110 people and \$56 million in revenue in 2007, Accudata Systems is the largest and most experienced IT consulting and integration firm in Houston. And with Houston being a center for international business, our engineers and consultants are capable of traveling throughout the world to assist clients with corporate mergers, expansions and office consolidations.
