Woodway West

After decades of community bank experience in the Houston market, the founders opened Allegiance Bank Texas committed to fulfilling on a promise. Our word was and is given to **"being extraordinary."** Understanding that "you can't be all things to all people, all of the time," we underlined our promise with the word "focus." We believe that the strength of our community exists in our relationships, is built on entrepreneurialism and requires a responsibility that includes responsiveness. It is inadequate to describe our focus as merely "good old-fashioned community banking." Both new technology and adaptation to an ever-changing banking environment are obvious key elements to providing the high quality of products and services required to deliver on our promise.

However, there are "good" parts of the old model that we choose to keep. For example, ***we choose to define our success in terms of the success we enable for our constituents*** that include customers, employees, shareholders, the community, the industry and yes, even our regulators. We focus there. And it's fun! Knowing that we have much more adventure ahead of us than the road we have already traveled is even

more exciting. Perhaps the best part is that our idea seems to be working!

Allegiance Bank Texas was founded in 2007 and has been one of the fastest growing banks in the Houston Area ever since. We are now able to serve our ever-expanding customer base from seven offices in the Houston area. Each office is led by an experienced Bank Office President and a team of seasoned lenders and professional staff. This decentralized, full-service approach is what small- to medium-size businesses, their employees, families and friends both require and deserve. Most importantly, every Allegiance banker is committed to our promise.

Your Allegiance banker understands what constitutes extraordinary performance and will work together at all levels to exceed your expectations. Throughout our organization, Allegiance bankers share a vision that focuses on the long-term and recognizes that each banking customer has unique needs ranging from complex business solutions to friendly personal service. Allegiance Bank Texas is creating a future that would not have been available without this shared vision. It is a future with unlimited possibilities. For those that join with us, that future starts today. ■
