At First Baptist Academy (FBA), we believe that academic excellence and Christian values go hand in hand. In the most formative years of a child's life, they can experience an educational environment that will set them in the right direction to lead and to serve.

FBA has an easily accessible location inside the loop near the Galleria with a transit center less than a mile away, making it easy to use the HOV lanes to beat that morning and afternoon traffic.

The Primary School serves infants to preschool-aged children. The facilities are vibrant, welcoming and safe. Loving and nurturing teachers greet the children happily each day and lead them through an intentional day of play and learning.

The Lower School serves Grades K–4. Children in the Lower School are encouraged and challenged by teachers who want to see them succeed. Here, students start to discover their strengths and talents in a nurturing environment. At FBA, students receive strong foundations for academic excellence and leadership.

The Middle School serves Grades 5–8. During these important years before high school, FBA students are preparing themselves to succeed academically in high school and college. It is also during these years that they are surrounded by teachers, administrators and peers who encourage them to make wise decisions to ensure that their lives are filled with purpose and meaning.

FBA students benefit from small class sizes, excellent athletics and fine arts programs as well as a unique gifted and talented program and parent involvement—all within a Christian environment.

Accredited by the Independent Schools Association of the Southwest (ISAS), FBA regularly has at least 25 percent of each seventh-grade class qualify to take the SAT. In addition, 90 percent of graduating eighth graders consistently are admitted to the first high school of their choice.

Come for a tour of the school or speak with our admissions team. These are the most important years of your child's life, so begin well at FBA. ■
