**M**omentum Audi offers an array of automotive products and services to its Houston-area customers. From a comprehensive line of quality Audi vehicles, including the A4, A5, A8, S4, Q5, Q7 and TT to a fine selection of used cars, Momentum Audi knows that anyone looking for a vehicle in Houston likely will find what they want right here, making it a great choice for your Houston Audi dealer. Furthermore, the dealership's services treat the needs of each individual customer with paramount concern and include trusted Audi car repair, the sourcing of original Audi parts and financing to help customers purchase the cars of their dreams.

Taking the urban-development model to new heights, Momentum Audi recently moved into a new seven-story auto dealership building at 2120 Southwest Freeway, just a few blocks from its former location at U.S. Highway 59 and Greenbriar. Now the country's largest

and tallest flagship Audi dealership, the new facility features a "window jewel box" display of Audi vehicles at street level and a two-story car display case on the corner of the third and fourth levels that make Momentum Audi highly visible from the freeway.

General Manager Jared Lang is a prominent community leader and believes strongly in giving back to the Houston community. In addition to being the mastermind behind Houston's annual fashion week and founder and co-creator of Fashion Houston, which highlights the city as a fashion destination, Lang and Momentum Audi long have been supporters of numerous Houston charities and organizations in an effort to help create a better city. Through Lang, the company's charitable efforts have benefitted numerous medical and community organizations as well as centers that promote literacy and the arts. ■
