Dr. Tabarini holds a DDS from Latin American University of Science and Technology in Costa Rica and completed his residency at the University of Alabama at Birmingham (UAB) in oral and maxillofacial surgery with extensive specialty training. At UAB, Tabarini earned an MS in oral and maxillofacial surgery, was elected to the Phi Beta Delta Honor Society of International Scholars and served as chief resident during his final year. Tabarini also completed a fellowship in pediatric oral and maxillofacial surgery at the Children's Hospital in Cuernavaca, Mexico, treating children with cleft lip and palate and craniofacial deformities.

Dr. Tabarini is fluent in Spanish and French and is actively involved in several professional organizations like the American Association of Oral & Maxillofacial Surgeons, Texas Society of Oral & Maxillofacial Surgeons, American Dental Association and Texas Dental Association. His clinical interests include orthognathic surgery, dental implantology, bone grafting, oral and maxillofacial pathology, facial trauma, facial cosmetics, reconstructive and pediatric oral surgery.
