Located in the Centre at Post Oak across from the Houston Galleria Mall and next to Grand Lux Café, Galleria Smiles is a Houston-based general and cosmetic dental practice offering a full array of dental services to residents and families in Houston's Galleria area, Midtown, Uptown Park, The Heights, Tanglewood, Houston Memorial, River Oaks, Rice Village as well as international and business travelers patients from around the world.

Rooted in this dental office is a profound, personal conviction in the value of all patients' oral health and their beautiful smiles. As such, the professionals at Galleria Smiles design and create beautiful smiles with the highest smile design standards in accordance with the American Academy of Cosmetic Dentistry. They also use state-of-the-art technology and cutting-edge dental equipment, including Cone Beam CT 3D digital radiography, CEREC CAD/CAM technology (same-day crowns), one-hour ZOOM Laser Whitening and Laser Dentistry, to capture accurate and important diagnostic data and help lessen patients' appointment times.

The Galleria Smiles team of cosmetic dentists and specialists have more than 20 years of combined experience offering exceptional services from basic preventative maintenance to cosmetic crowns and

veneers, braces, dental implants, oral surgeries, perio surgeries and beyond, including cosmetic BOTOX and Dermal Fillers. The office environment provides a modernized, warm, relaxed and inviting atmosphere to enhance the dental experience for the whole family.

Dr. Andrew Tran is a graduate of the University of Texas Health School of Dentistry Houston; an active member of the American Academy of Cosmetic Dentistry, Academy of Laser Dentistry, Academy of General Dentistry, American Dental Association, Texas Dental Association, Greater Houston Dental Society, CerecDoctors; and Fellow of the International Congress of Oral Implantologists (ICOI). He also created the iTooth Junior iPad app, available on the Apple App Store, which teaches children and adults about proper oral health.

Dr. Gregory Pham, the oral surgeon, received his doctorate in Dental Surgery from the University of Texas Health and Science Center. He is a Fellow of the American College of Surgeons and the American Dental Society of Anesthesiology, Master in the ICOI and member of the American Medical Association and the American Dental Association. ■
