

ZADOK JEWELERS

MASTER JEWELERS FOR SEVEN GENERATIONS

Although the Zadok Jewelers store now encompasses more than 12,000 square feet, it is still run personally by the Zadok family.

At Zadok Jewelers, it's all about family. Beginning with ancestors who were royal court jewelers, silversmiths and goldsmiths, for seven generations Zadok Jewelers has upheld a family tradition and legacy emphasizing unparalleled quality, exceptional value and personal and professional attention to clients.

Now run by the sixth and seventh generations, Zadok Jewelers continues to personally assist and serve customers with pride, integrity and professionalism, which make shopping for jewelry, diamonds, watches and crystal a memorable experience. Plus, expert guidance from several Gemological Institute of America (GIA) graduates on staff and a non-pressured selling ethic create a relaxing shopping experience.

Knowing that fine jewelry lends significance to customers' gift giving, wedding vows, commemorative gestures and heirloom legacies, Zadok Jewelers strives to make these moments into treasured milestones with stunning and exquisite jewelry and Swiss timepieces that celebrate life's most precious moments.

The website and store feature merchandise that includes collections from the world's leading jewelry designers, such as Pomellato, Roberto Coin, Tacori, Ippolita, Marco Bicego and H. Stern, as well as world-renowned brands like Chopard, Bulgari, Mikimoto, Montblanc and Laliq. Zadok Jewelers also is an official agent of fine Swiss watches from Audemars Piguet, Vacheron-Constantin, Hublot, Piaget, IWC, Breitling, Panerei, F.P. Journe,

Ulysse-Nardin, Breguet and Jaeger-LeCoultre among others. All this, plus a vast selection of certified loose diamonds and gemstones, engagement and wedding rings, designer jewelry, fine crystal and over 25 Swiss watch brands has earned Zadok the reputation as Houston's largest and most distinctive couture Jewelry, watch, and diamond gallery.

With its on-site jewelry-fabrication facility and jewelry-repair services, customers also bring in old pieces to be redesigned and customized into something that fits their modern style. Plus, as an official repair facility for many fine watch lines, Zadok's watch service center can repair, restore and maintain virtually any watch.

Although Zadok Jewelers is local to Houston, its national and international recognition comes from a sterling reputation of exceptional service, integrity, philanthropy and successful growth. Among several recent achievements, Zadok Jewelers was honored with the 2014 BBB Pinnacle Award for Excellence, along with being included in Town & Country Magazine's 2014 List of Leading Independent Jewelers. Through the years Zadok Jewelers has also been privileged to become the jeweler of choice for clientele throughout the United States and around the world—spanning six continents. The store has grown along with its clientele, now encompassing more than 12,000 square feet—10 times its original size—but the Zadok family and staff strive to maintain the personal touch that comes with the family name. ■
