**C**ameron is a leading provider of flow equipment products, systems and services to worldwide oil, gas and process industries. We apply our expertise to address challenges and deliver results, all with a focus on providing total solutions and continuously raising customer performance. We're proud to call Houston home – the fourth-largest city in the U.S. and the world's energy capital. Houston has served us well as we've grown into the global company we are today.

## PERFORMANCE THROUGH MARKET LEADERSHIP

Cameron is a dynamic Fortune 500 provider with annual revenues exceeding \$6 billion. Our legacy of leadership spans almost two centuries, representing a history of mutual success with our customers.

Our organization is comprised of 10 operating divisions, each holding a leading position in most every market segment served, with a combined roster of more than 60 trusted product brands. Our 22,000+ employees work in 300+ locations across 100+ countries worldwide, with more employees working outside the U.S. than inside. Our network of sales, engineering, manufacturing and aftermarket services covers North and South America; Europe, Africa, Caspian and Russia; and Asia Pacific and the Middle East.

Cameron's heritage is ongoing, grounded in quality, reliability and value. Cameron's capabilities lie in the understanding of customer needs, the application of technology, the anticipation of future challenges and the power to solve problems resourcefully. Cameron's brand is all about raising performance.

## PERFORMANCE THROUGH WORLD-CLASS SERVICE

At Cameron, we know performance equals time and money. Delivering customer-specific solutions, Cameron deploys our expertise from upstream to downstream in nine distinct market segments: Onshore Drilling; Offshore Drilling; Onshore Production; Offshore Production; Subsea Production; Topsides Processing; Transmission and Storage; Refining, Petrochemical and LNG; and Industrial.

Our products and systems control, direct, adjust, process, measure and compress pressure and flows – all backed by CAMSERV™, Cameron's worldwide aftermarket network. From installation to decommissioning, CAMSERV provides comprehensive support for parts, service, repair, remanufacture and asset management.

## PERFORMANCE THROUGH SOLID EXECUTION

Cameron maintains its leadership by doing things right. At Cameron, we are committed to what we believe to be right competencies.

The caliber, diversity and resourcefulness of Cameron's employees inspire pride as well as respect – proactive, experienced, savvy, creative team members. We attribute the quality of our work directly to the quality of our people.

Cameron's financial strength makes us one of the most respected companies in our industry. Shareholders invest in us because we are committed to managing our business and being effective stewards of assets. We are proud of our ability to perform in robust markets and to prove ourselves in less-than-ideal times.

With the goal of making constant improvement in quality and productivity, Enterprise Excellence builds on Cameron's established Lean Six Sigma methodology, tools and support to improve manufacturing and business processes company-wide.

We are committed to the sustainable creation of positive change, exceptional performance and lasting value. Cameron's Corporate Responsibility has four initiatives: To Sustain Economic Growth, To Build Our Communities, To Protect Health and Safety, To Preserve Our Environment. ■
