We at Manhattan Resources are excited to be included in Imagine Houston. It allows us the opportunity to share our great city and some of its' finest companies. It's this city and the opportunity it provides which continues to enable Manhattan Resources to grow and serve.

When I was a young boy my father began to teach me about the concepts of hard work, a commitment to excellence, character and the absolute importance of "Doing what you say you are going to do."

He told me, "Chris you have a Manhattan appetite and you need to work hard and learn to afford yourself." Over the years, I heard that phrase many times. My dad used that phrase to drive home the importance of those concepts.

When I started Manhattan Resources in 1999, the name was meant as a tribute to the man that taught me so very much about those concepts I hold to this day. At Manhattan Resources, we are committed to excellence. We live by the adage, "Do what you say you are going to do".

I want to thank our employees, partners and customers for their hard work, support and commitment to excellence.

Kindest Regards,

Chris Schoettelkotte
